## ANCRA X-TREME Winch Strap Assemblies

**ANCRA X-TREME** webbing offers greater performance, durability, strength and abrasion resistance. Through a special weave construction and coating process greater retained strength was realized after abrasion tests (80% as opposed to 40% for standard webbing). The coating is durable and permanent and reduces water absorption and freezing. **ANCRA X-TREME** is available in popular winch and ratchet strap models. Winch and ratchet straps meet or exceed WSTDA T-4 standards. Custom lengths and end hardware quoted upon request.

**2" X-TREME Winch Straps using 41632-37 webbing WLL: 3,333 lbs.**

**41659-90-27** 2" x 27' w/40891-18 Flat Hook

**41659-90-30** 2" x 30' w/40891-18 Flat Hook

**41659-93-30** 2" x 30' w/43366-21 Chain Anchor

**41659-94-XX** 2" w/no hardware for winch to winch application (substitute XX with length in feet)

**41659-92-30** 2" x 30' w/43120-13 Wire Hook

**3" X-TREME Winch Straps using 41632-38 webbing WLL: 5,400 lbs.**

**41660-90-30** 3" x 30' w/41766-18 Flat Hook

**41660-93-27** 3" x 27' w/43366-14 Chain Anchor

**41660-93-30** 3" x 30' w/43366-14 Chain Anchor

**41660-95-XX** 3" w/no hardware for winch to winch application (substitute XX with length in feet)
